## PROJECT DESCRIPTION

**Cluster Group Affiliation**—Adolescents

**Congressional Districts Served**— Oregon 2nd

**Purpose, Goals and Objectives**—This project has two focal goals; 1) to improve the clinical skills and cultural competency of substance abuse provider staffs serving the target population, and 2) to enhance the resources available for treatment services.

**Target Population/Geographic Service Area**—The target population of this Targeted Capacity Expansion project is substance abusing youths, ages 12-17, who reside in any one of 16 central and eastern counties of the State of Oregon and who have been identified as serious, chronic and violent offenders.

**Service Providers**—Staff training will be provided through a direct collaboration between the Office of Alcohol and Drug Abuse Services and the Central and Eastern Oregon Juvenile Justice Consortium. Direct clinical services will be managed by CEOJJC and purchased from licensed providers in the local environment.

**Services Provided**—The project will provide staff training in culturally based and gender appropriate substance abuse services. TCE Clients will receive treatment, case management services and referral to wraparound services as needed.

**Desired Project Outputs**—The project will provide training for forums available to both criminal justice staff and substance abuse treatment provider staff. The project will also fund treatment services for about 70 adolescents each year.

## EVALUATION

**Strategy and Design**— [Not specified - Project please provide current information]

**Evaluation Goals/Desired Results**

**Instruments and Data Management**
